

AuditDNA QuickBooks Operations Portal

Full QuickBooks 2024 integration — live financial dashboard for your business from day one.

Built for QuickBooks Users

The AuditDNA platform connects directly to QuickBooks 2024 and puts every financial function — invoicing, AP/AR, bank reconciliation, payroll tax, P&L, balance sheet, and forecasting — into a clean browser-based dashboard your team can access from anywhere.

QuickBooks Module Coverage		
Module	Function	QB Integration
Chart of Accounts	Code transactions from bank statements, assign GL codes	Two-way sync with QB chart
P&L; / Financials	Monthly P&L, balance sheet, MTD/YTD vs budget	Pull from QB reports instantly
Forecast & Budget	6-month projection, annual budget by category	Based on QB actuals
Bill Pay / Auto Pay	All vendor bills, recurring payments, AP aging	Post directly to QB AP
Bank Coding	Import QFX/CSV, auto-code, reconcile	QB bank feed connection
A/R & Invoicing	Customer invoicing, payments, credits, deposits	QB customer records sync
Payroll Tax	Federal 941/940, CA EDD DE-9/DE-9C, EFTPS	QB payroll export
Workers Comp	CA DWC-1 claims, audit prep, experience mod	QB payroll class codes
QuickBooks Sync	Direct QB 2024 launch, delete old accounts, add new	Full admin access

Pricing — \$499/month. All modules. No contract.
